## BIG STEAL PUZZLING.

Police Search for Cashier Wider.

Russo-Chinese Bank Is Shy Six Hundred Thousand Dollars.

Missing Defaulter's Attorney Says Institution Broke Faith.

Alleges Bargain of Secrecy Was Made and Then Was Ignored.

NEW YORK, July 25.—(Exclusive Dispatch.)—Wanted—Erwin Wider, about 22 years old, five feet five inches in height. Weighs about 135 pounds, swarthy of complexion with a small black mustache curled at the ends, wears rimless nose glasses, talks with a German accent and is timid in address.

NEW YORK, July 25.—A general alarm was sent out by the police today for a trace of Edwin Wider, missing cashier of the Russo-Chinese Bank, although oddly enough, the District Attorney's office said tonight no aid had been asked of it by the bank and that no application for a warrant had been filed. This contradiction, however, is only one of a series that have kept step with every development of what is now admitted to be the most puzzling and the most serious defalcation in the history of Wall street since the formation of the bank, which was founded in 1904, and which had a capital of \$1,000,000, of which the additional \$300,000 is said to be in stocks, partly owned by the bank and partly by its customers. No positive statement has been made yet as to where these stock certificates now are, or with what intent they were stockpiled. E. E. Markowski, now in charge of the New York branch (Continued on Second Page.)

## CAN'T AGREE WITH PUBLIC.

Retirement of Secretary of State for German Navy Announced. Ideas Conflict.

BERLIN, July 25.—(Exclusive Dispatch.) The sensation of the day in Germany is the announcement of approaching retirement of Admiral von Tirpitz, Secretary of State for the German Navy. Admiral von Tirpitz's decision is not due to the fact that he is tired of office, but the direct causes are recent speeches in the British House of Commons, especially that of the Premier, Mr. Asquith. These speeches had the effect of calling forth in Germany a current of public opinion favorable to the idea of the limitation of naval armaments. Admiral von Tirpitz, however, is unable to in any way approve this idea, and deems it incompatible to his duty to continue in office if such ideas prevail, which are completely in conflict with his own convictions.

## SEVERE QUAKES IN WYOMING.

Three Shocks Felt—Walls of Coal Mines So Wrecked That Work Is Abandoned.

CHEYENNE (Wyo.) July 25.—Word has reached here of a series of severe earthquake shocks at Rock Springs, Wyo. They were so severe that houses were rocked and the walls of a coal mine moved so badly that work at the mine has been abandoned. The first shock was felt at 8:30 p.m. yesterday and the last at noon today. Pictures were jarred from the walls and houses badly shaken by the first quake at 8:30 p.m. yesterday and another shock at midnight seemed equally severe. Another quake followed at 5:30 a.m. today and still another at 7:30 a.m. The last reported was at noon.

## MANY MASONS AT FUNERAL.

PROVIDENCE (R. I.) July 25.—Members of the Masonic fraternity from many parts of the United States attended the funeral today of Rev. Dr. Henry Warren Ruger, Grand Master of the Knights Templars, who died on Thursday. Masonic services at the Church of the Mediator were in charge of the grand encampment under the direction of Deputy Grand Master William B. Melish of Cincinnati.

## RECEIVED BY EMPEROR VI.

SEOUL (Korea) July 25.—Emperor Chok today gave an audience to Lieut.-Gen. Viscount Terauchi, the newly-appointed Japanese resident-general of Korea, and his suite.

## TOO MUCH DRINKING

Professor Accuses Van Liew.

Miller of Chico Normal Faculty Is an Unwilling Witness.

Wants President's Job But Doesn't Want to Tell of Drinking.

Pinned Down He Admits Remonstrating With Superior About Booze

CHICO, July 25.—(Exclusive Dispatch.) With the exception of two witnesses whose testimony is expected to be on the general reputation of Dr. C. C. Van Liew, the case of the State in the inquiry into charges against the president of the State Normal School at Chico has been put in. Prof. E. I. Miller, who occupied the chair of history at the Normal School, and is vice-president, and who is said to be an applicant for the presidency on the event of the doctor's dismissal, was one of the star witnesses for the State today. Dr. Miller says he did not want to testify. He declares he is not testifying because he is seeking the position of president.

## WOMEN CROWD HALL.

The office of the president of the Normal School was crowded this morning long before the opening of the hearing. Women predominated in the throng that jammed the hall, office and rooms adjoining that in which the hearing was held. During the afternoon a body of seventy-five business men attended the inquiry to be present in case they should be wanted as character witnesses for Dr. Van Liew. Their attendance was voluntary, they were called as friends of the school president under serious charges.

## MISS CLARK, THE ACCUSER OF PRESIDENT VAN LIEW.

NEW ORLEANS (La.) July 25.—(Exclusive Dispatch.) The Madris forces occupy the bluff and could have the mastery of the situation if permitted by the American government, who, on the plea of protecting American interests, refuses. No attempt to detain contraband goods for Estrada is made. The Madris warship, Venus, lies outside the bluff, but it is not recognized as such by the United States.

## BUDDHA GEM STOLEN AGAIN.

FOUND AFTER MANY YEARS, IT'S NOW LOST.

Londoner Tells Strange Tale of Blue Pearl, Which After Ceaseless Search, Was Found in New York Pawnshop, Only to Be Filched from Him on Way to Boston.

## PARTISANS APPLAUD.

Att.-Gen. Webb, when asked how many more witnesses he would put on, said that he would keep putting on witnesses until he got enough. The partisan audience at that juncture had their chance to voice their approval with prolonged hand-clapping and cries of "good."

## OKLAHOMA SIZZLES.

OKLAHOMA CITY, July 25.—Sections of Oklahoma experienced today the hottest day of the year. In Oklahoma City the thermometer reached 101 at 2 o'clock this afternoon. A temperature of 100 deg. at 4 o'clock this afternoon, today was the hottest day of the summer in this city. A constant breeze, however, relieved the situation and few prostrations were reported. Excessive heat was reported from many points in the Southwest.

## KANSAS CHOPS DAMAGED.

TOPEKA, July 25.—The government thermometer here today registered a temperature of 104 in the shade. Hot winds are doing much damage to the crops.

## ONE KILLED IN JOPLIN.

JOPLIN (Mo.) July 25.—The first death caused by the excessive heat of the last week occurred here today when Benjamin Shoemaker, 28 years old, a retired merchant, died as the result of over-exertion in the sun. The thermometer registered 107 degrees, it being the highest of the summer.

## CHUM OF GIRL ACCUSER OF NORMAL HEAD.

Miss Nona Lindley, friend of Miss Clark to whom latter confided alleged attempt of President Van Liew of Chico Normal School to hug her. Miss Lindley has been an important witness for the State in hearing of sensational case.

## CLANCY CAUSED THAT NORWEGIAN IMBROGLIO.

State Department Believes Decision In Recognizing Madriz Blockade Order Was Based on Cablegram by American Vice-Consul.

NEW ORLEANS (La.) July 25.—(Exclusive Dispatch.) The Madris forces occupy the bluff and could have the mastery of the situation if permitted by the American government, who, on the plea of protecting American interests, refuses. No attempt to detain contraband goods for Estrada is made. The Madris warship, Venus, lies outside the bluff, but it is not recognized as such by the United States.

## LORD SOMERSET IMPOSTOR.

Man Sued for Divorce in Missouri Not Connected With Family of Lady Henry Somerset.

LONDON, July 25.—(Exclusive Dispatch.) The Henry Charles Somers Augustus Somerset, who posed as "Lord Somerset," against whom suit has been filed at Independence, Mo., for divorce by Mrs. Adeline Hunter de Mare Somerset, is a fraud so far as his title goes. Who this Henry Charles Augustus Somerset may be is not known here. But there is no such titled person as "Lord Somerset."

## WOODMEN OF WORLD MEET.

PORTLAND (Or.) July 25.—With 130 delegates in attendance, the tenth annual session of the head camp of the Woodmen of the World for the Pacific jurisdiction of the order, began its work today. The officers say that many matters of importance to the order will be passed upon during the week.

## WILLIAM WILLIAMS DEAD.

NEW YORK, July 25.—William Williams, best known as "Billy" Williams, an old-time minstrel man, died at Elizabeth, N. J. tonight, aged 72 years.

## ON BED OF DYNAMITE

South Bend Sleep in Danger.

Slightest Provocation Will Start Rioting by Striking Hoodlums.

Miles of Grand Trunk Trac Banked by Thugs, Guarded by Detectives.

Incendiary Element Is Waiting for Chance to Wreck More Trains.

SOUTH BEND (Ind.) July 25.—(Exclusive Dispatch.) South Bend tonight is sleeping on a mine of dynamite. A single act of violence either by the Grand Trunk Railroad striking trainmen and their sympathizers, or by the Pinkerton detective employed by that company, who tread every foot of its line through city, will "start something" that will put the town on the map as the most chaotic center of the labor trouble has tied the railroad's lines into a hard knot from Chicago to Quebec. Tonight virtually the whole police force has been enlisted in the dangerous task of protecting the mile tracks that extend from the so-called "west yards" to the big steel bridge across the St. Joseph river. Bar along the right of way from the yards to the bridge are two steel ridges of humanity.

## ROAD OFFICIALS ARE JUBILANT; TRAINS MO.

MONTREAL, July 25.—With a settlement by arbitration last day for the first time since the strike started, both sides claim that the developments mean ultimate victory. The Grand Trunk officials were jubilant tonight.

## NAME PLUM "ROOSEVELT."

Colonel Likes It—It's New and It's a Product of California.

[BY DIRECT WIRE TO THE TIMES.]  
SACRAMENTO (Cal.) July 25.—[Exclusive Dispatch.] The Pioneer Fruit Company received a letter today from Col. Theodore Roosevelt, complimenting it on a new variety of plum known as the "Roosevelt." The plum is of a distinctly new type, and was originated on the fruit ranch of Joe Green at Courtland. The fruit has a tasty flavor, and striking appearance, and has sold handsomely in the market wherever sent.

## TAX REGULATION NEEDED.

State Controller Nye Suggests State Law to Guard Rates—Equalization Board Meets.

[BY DIRECT WIRE TO THE TIMES.]  
SACRAMENTO (Cal.) July 25.—[Exclusive Dispatch.] State Controller Nye today told members of the State Board of Equalization that there should be a State law, fixing the maximum figure at which tax rates can be set, and make all counties and cities keep within the limit. Like in Illinois and other States of the East and Middle West.

This expression was made during a discussion by the board on the Central Pacific and Southern Pacific reports. Nye mentioned the increasing rates in many counties and districts, due largely to new roads and school houses. These make taxes so burdensome, that, with the addition of a few more expenditures tax rates will be excessive.

## CHAUFFEUR IS QUICK-WITTED.

Serious Accident Averted by Presence of Mind—San Francisco Oil Man's Close Call.

[BY DIRECT WIRE TO THE TIMES.]  
SAN FRANCISCO, July 25.—[Exclusive Dispatch.] Due to the quick presence of mind of his chauffeur, Albert J. Hechtman, prominent in the oil world, and well-known in local circles, escaped serious injury in an automobile accident today. Hechtman was returning from the Bohemian Club, and with the chauffeur at the wheel, was driving along the Golden Gate avenue at medium speed.

## TRAIN FOR INJURED FIREMAN.

Division Superintendent Sends Accident Victim and His Sweetheart to Her Home in Style.

[BY DIRECT WIRE TO THE TIMES.]  
SACRAMENTO, July 25.—[Exclusive Dispatch.] Superintendent Sheridan of the Sacramento division of the Southern Pacific placed a special train at the disposal of Fireman Arthur Olsen, who was in the wreck at Feather River bridge, when he decided to make a trip from the ride-out hospital, Marysville, to the home of his sweetheart, a Miss Holmes of Sacramento. Olsen and Miss Holmes were to have been married last Thursday.

## BONE DOCTORS AT GATE.

Arrival of Delegates to Osteopathic Congress Begins Early—Operation Will Be Feature.

[ASSOCIATED PRESS NIGHT REPORT.]  
SAN FRANCISCO, July 25.—Many osteopathic physicians delegates to the convention of the American Osteopathic Association, which is to be held in San Francisco, August 2 to 7, are arriving from eastern cities. Special trains are now on their way across the continent from many points and the gathering will be one of the largest of its kind ever held in the country.

## WILL BUILD MONUMENT.

SAN FRANCISCO, July 25.—The Hayn Solomon National Monument Association was organized here last night. The purpose is to build a monument in Washington to the financier who contributed more than \$600,000 to the Clinton Treasury. During the revolution, prominent hereafter in all parts of the country have been named after the executive committee. Joseph B. Greenbut is chairman in New York. Adolph Kraus in Chicago. Nathan Frank in St. Louis and Julius Kahn on the Pacific Coast.

## ALLEGED TIMBER LAND STEAL.

Ninety-seven Civil Suits Filed Against Pennsylvania Capitalists—California Entries Are Involved.

[ASSOCIATED PRESS NIGHT REPORT.]  
SAN FRANCISCO, July 25.—Charging irregularities in the manner of the acquisition of 15,520 acres of government timber in the California Sierras, ninety-seven civil suits were brought today against prominent Pennsylvania capitalists under direction of the officials of the Department of the Interior for the purpose of redeeming the land and restoring it to the control of the Land Office.

The defendants in the action are William Donaldson and Charles E. Gregory of Pennsylvania and the Pennsylvania Lumber Company, and Curtis, Holbrook & Collins. A large number of entrymen under whose names the lands were taken are included as defendants.

The government complains the property was secured by the defendants through the use of the names of dummy entrymen and that the claims were unlawfully filed.

## TWO HURT; AUTO WRECK.

MACHINE RUNS OVER BANK.

[BY DIRECT WIRE TO THE TIMES.]  
MARCHFIELD (Or.) July 25.—[Exclusive Dispatch.] Two women were badly hurt yesterday when an automobile driven by W. U. Douglas, an attorney, plunged over a bank near this city and turned turtle. The injured are Mrs. J. Lee Brown, sister of Mr. Douglas, and Miss Alice Douglas, his daughter. Mrs. Brown's spine was injured, while Miss Douglas's arm was badly twisted and lacerated.

The accident was caused by the car skidding when it struck a curb at the high rate of speed. Mr. Douglas escaped uninjured and his wife, who was also a member of the party, was only slightly bruised.

## SLOPE BRIEFS.

Entire Village Wiped Out.

WADSWORTH (Nev.) July 25.—Fire which started shortly before 12 o'clock last night wiped out the town of Wadsworth, thirty-five miles east of Reno, causing a loss estimated at \$50,000. Nearly every building in the place was destroyed. The entire business district was burned and the only buildings left standing were a few frame buildings on the outskirts of the town and the Southern Pacific depot.

Many Trout Planted.

SAN JOSE, July 25.—A second shipment of trout, numbering 150,000, arrived this afternoon from Sisson's hatchery and will be distributed tonight in several of the local streams.

Fall Kills Bee Raiser.

SACRAMENTO (Cal.) July 25.—Franklin J. Lewis, a well known bee raiser of Oak Park, was killed by a fall from a tree yesterday while trying to catch a swarm of bees. The bees being disturbed by the shaking of the limbs, took flight and crushed the latter in trying to ward them off. He lost his balance and fell, breaking his neck. He leaves a family in Oak Park.

Militia Man "Washington."

SAN FRANCISCO, July 25.—Under command of Captain Miller Freeman of the Washington State Naval Militia, the U.S.S. Washington arrived here today from Bremerton navy yard. Besides the regular crew, the vessel was manned by forty-seven naval militia men and eight officers. The home reserve sailors were given two days' shore leave. They will return to Bremerton on the cruiser Cheyenne, leaving here Tuesday.

Ice Pack Crushes "Gertie."

SAN FRANCISCO, July 25.—News of the wreck of the gasoline schooner Gertie ten miles off Good News Bay on June 10th, was received here last night when the steamer Arcata arrived from the North. The Gertie was caught in an ice field and crushed. Captain Allen and the four men of the crew landed safely on Carter's Spit after four days in an open boat. The Gertie carried a cargo of fifty tons of supplies for Kosokwin, Alaska.

Boy Drowns in Tuolumne.

MODesto, July 25.—Charles Bertles, the 12-year-old son of Mr. and Mrs. W. H. Bertles of this city, was drowned this afternoon in the Tuolumne River a few miles below this city. The young lad was with his mother at a picnic, and in company with several other young boys was playing near the river, when he suddenly lost his balance and fell into the water and disappeared.

T. R. TO VISIT KANSAS CITY.

KANSAS CITY, July 25.—Col. Theodore Roosevelt will be a visitor at Kansas City from noon until midnight on September 1, according to a message received from him by E. Mont Riley of this city. The colonel's message said he would be at the "disposal of his guests."

## HUBBY WOULDN'T PAY PASSION BILLS, SO WIFE GETS DIVORCE.

[BY DIRECT WIRE TO THE TIMES.]

RENO (Nev.) July 25.—[Exclusive Dispatch.] In the hearing before Judge Pike today in the divorce proceedings instituted by Mrs. Hilda Sampson, wife of Charles W. Sampson, a wealthy real estate dealer in Chicago, Mrs. Sampson testified that at the time she was married she was only 23 years of age, while he was 47. She stated that he was given to violent outbursts of temper, and that she left him: time and time again and went back to her folks. She produced in evidence the following agreement: "I, Charles W. Sampson, do make oath that I will pay to my beloved wife, Hilda, the sum of \$10 should I ever offend her in any way or to act otherwise than as a kind and loving husband, the sum to be paid on demand for every offense. I furthermore solemnly promise that I shall never think of anything in regard to my behavior except that which will be productive of love and happiness. "May 15, 1907." "CHARLES W. SAMPSON."

(SPECIAL CORRESPONDENCE OF THE TIMES.)  
GLOBE (Ariz.) July 25.—Very lively opposition has developed against the organization of Graham county, as contemplated by an act of the last Legislature. The Governor has made proclamation of an election for officials in the new county, which has been carved out of the eastern portion of Graham county.

This election, by the way, is the only one scheduled for November in Arizona, as, under the Statehood act, all other Territorial and county officials are to hold over until Statehood. Separation has about \$150 in cash and \$1000 in silverware and gold.

July 25.**—While racing with a west-bound Denver and Rio Grande passenger train in an automobile this afternoon Walter Hodgins of Grand Junction, Miss Leona Adams of San Francisco and Miss Gladys Carlisle of Chicago were instantly killed. C. R. Carson of Grand Junction and Chauffeur Thomas Rock of Denver were seriously injured.

The automobile passed the train and Rock attempted to cross in front of the locomotive. The engine struck the rear of the automobile, throwing Hodgins and the women under the wheels of the train. Carson and Rock were thrown clear of the track. They will recover.

The accident took place five miles from Grand Junction.

**[ASSOCIATED PRESS DAY REPORT.]**  
**TOKYO, July 25.**—Japan's "Yankee Admiral," Henry Grinnell, was married today to Miss Florence Roche, daughter of the late James Jeffrey Roche, the author. The ceremony was performed in the Roman Catholic Cathedral of the Holy Cross.

Admiral Grinnell is 74 years old, and was an intimate friend of the father of the bride, who is 25 years old. Admiral Grinnell served with Farragut at Mobile Bay, and later was in the naval service of one of the South American republics. He was adviser in the Japanese navy previous to the Chinese-Japanese war, and for his services in that war was made admiral in the Mikado's fleet.

Miss Roche is the daughter of a wealthy family. She was educated in the United States and has been married before.

**Parents of Girls Approaching Womanhood Should Consider the Treatment Which Restored This California Woman to Health.**

When the young girl develops into womanhood there is always the danger of a general breakdown unless the blood is pure and rich. This is especially true if she overindulges or overworks.

It is a danger, however, that can be easily averted if the warning symptoms of impoverished blood are promptly heeded. Pallor, loss of spirits, depression, lack of ambition and shyness of breath are some of these symptoms which can not be mistaken. To ensure healthful development steps must be taken at once to build up the blood, whenever these symptoms are present. The experience of hundreds of women has proved that Dr. Williams' Pink Pills are the best medicine for this purpose. They are a certain blood builder and strengthen and give health to the entire body.

Mrs. M. L. Ryan, of No. 719 Flume street, Chico, Cal., tells of her cure by Dr. Williams' Pink Pills as she hopes that other suffering women will be led by her statement to give this remedy a trial.

"I was very weak and nervous," she says, "I began to suffer from weakness common to my sex. I had never been very strong and now seemed to break down completely. I had headaches every day. My back ached a great deal. I was thin and did not seem to have ambition to do anything. I would lie around most of the time."

"My home was in Oregon and I was treated by a doctor for about two months. He did not help me at all and I gave up his treatment to try Dr. Williams' Pink Pills. They helped me from the first and a few boxes entirely cured me. I have been well ever since."

Parents of girls who go into decline as they reach the period of development should not neglect the first warning symptoms for the whole future health of the child depends upon the way in which she passes this critical time. Nature needs help in most cases and the tonic treatment with Dr. Williams' Pink Pills is the most efficient that can be given.

If you desire full information about this treatment, write for a copy of our free booklet, "Plain Talks to Women."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50. Write to Dr. Williams Medical Co., Lowell, Mass., U. S. A.

**Indicted Agent Who Preached on the Side, Secured Sent from St. Louis Business Men.**  
**[BY DIRECT WIRE TO THE TIMES.]**  
**ST. LOUIS, July 25.**—[Exclusive Dispatch.] While holding prayer meetings in his office and giving his leisure time to work as a preacher, Edward P. Haynes, now of Spokane, is alleged by representatives of the conservative business men of St. Louis large sums of money.

The story of alleged transactions was brought out today by the news of his indictment here on three charges, the nature of which has not been made public. Haynes is now publishing the *Island Herald* in Spokane.

Among those who say they lost by their dealings with Haynes are Murray Carleton, president of the Carleton Dry Goods Company; L. B. Tebbetts, wealthy implement manufacturer; Robert Rutledge, real estate dealer; Henry S. Whittier, H. A. Vrooman, G. G. L. and the late Edward Butler, Jr., and the late George W. Gale.

"I don't know how he got the two notes," I say," said Robert Rutledge today, "but on the deal I was out \$2500."

Rutledge and Whittier are now defendants in suits on Haynes' bond with the Manhattan Insurance Company, which he last reported here. An alleged shortage of \$5000 to \$6000 caused the suits.

Haynes, while manager of the Aetna Life Insurance Company in St. Louis, conducted daily prayer meetings for employees in his office.

**RECEIVES CALL.**  
**RICHMOND (Ind.) July 25.**—[Exclusive Dispatch.] Rev. C. N. Hiatt, formerly pastor of the Friends' Church at Centerville, now located at Marion as pastor of the First Friends' Church, has received a call to Long Beach, Cal., where he will be pastor, and probably will accept.

Rev. Mr. Hiatt's first charge was at Centerville, where he remained four years. He went on there to Winchester and served as pastor of the Friends' Church for eight years, when he was called to Munich. After six years in that city, he removed to Marion and has spent the remainder of his nineteen years working in that city.

**Mill Remnant Sale**

**Silks and Dress Goods**  
The values we quote seem out of all reason, and yet they are made possible because of the fact that these are Mill Remnants. New lots have been added for the second day's selling, for example:

**Fancy Velvets**  
**\$1 Quality**  
These are fancy velvets in mill remnants from 3 to 5 yards. This is the \$1 quality velvets that came to us from a big Eastern Mill, Remnants, sale price, yard... **49c**

**\$1 Plain and Paon Velvets**  
In this lot there are 15 different colors. Choice of both plain and paon velvets. A grade that usually sells at \$1. Mill remnant pieces, of course; that's why the ridiculous price of nearly a half. Aisle 6, yard... **59c**

**1000 Bunches Silk Samples 5c Bunch**  
Narrow strips of desirable silks put up in bunches of 5 or 6 pieces in a bunch. Just what women are asking for quilt samples and fancy work. Mill Remnant pieces, buy them in bunches at 5c bunch.

**Sample Ends High Grade Carpeting About Half**  
We have just secured 450 choice sample ends of high grade carpeting; in fact, they're in the receiving room at the present writing.

The samples represent the different grades of Axminster, Brussels and Wiltons from one of the foremost mills of the country. Each sample is a yard wide, with a dandy rug. Priced as follows:

27x27 Inch Brussels Samples 35c Each—45 of them.  
27x27 Velvet Samples 50c Each—75 of them.  
27x34 Axminster Samples \$1.75 Each—100 of these.  
27x34 Body Brussels Samples \$1.75 Each.  
27x34 Velvet Samples \$1.50 Ea.  
27x27 Wilton Samples \$2.50.  
75 of each of the last three lots.  
The above prices represent about half the regular yardage price.

**Men's 50c Golf Shirts**  
**Manufacturers' Surplus Stock . . . 35c**  
We began this sale with 120 dozen of these splendid shirts. It's an opportunity for you to save 30 per cent. on splendid golf shirts. They're the broken assortments of a 50c line from the manufacturer. Some with fancy bosoms; light, medium and dark shades; some in white. We think the quantity is sufficient to last the second day of the sale.

**Men's Socks—Big Sale**  
**Samples and Seconds 12½c**  
Men have an opportunity to revel in socks that means a saving of nearly a half, for these are sample lines of fancy hosiery; seamless—finest, together with seconds of the best 50c lines. Choice of black, tan and all the desired shades. When they were being shown in the advertising office several judged them to be regular 25c socks; the imperfections were so slight that it was hardly noticeable. We had 400 dozen to begin with in the Annex Tuesday, pair 12½c.

**Men's Work Shirts 35c**  
**Double Stitched . . . 35c**  
These good strong work shirts were made to sell at 50c. Light and dark colors, faced sleeves. We're featuring them at 35c. Men's Annex.

### HEAVY STORM WRECKS FLYERS.

[BY DIRECT WIRE TO THE TIMES.]  
ST. LOUIS, July 25.—[Exclusive Dispatch.] Several aeroplanes, valued at \$25,000, were wrecked in a windstorm on the Aeroplane Club of St. Louis aviation field at Washington Park, Ill., tonight. The planes, including the Farman biplane of C. W. Curzon, were housed in a three-pole circus tent. When the wind came the big poles snapped and the wreckage fell on the planes.

There is not enough left of any one of them to repair, except the motors, which are believed to be intact. The storm came just after Howard W. Gill and Hillary Beachy had made flights in the former's biplane. It was the only machine on the field saved, it being housed in a shed.

Besides Curzon's, the planes of the following are in the wreckage: J. N. Spaulding, two; Charles Kuhne, Claude Harris, H. A. Robinson, C. F. Zehler.

### AVIATION.

## MATINEE RACES BY AEROPLANES.

### FIRST EVENTS OF CHARACTER TO BE HELD FRIDAY.

Capt. Baldwin, Harmon and Other Aviators to Fly—Women Coming from France With Machines to Teach Americans—Harmon in Balloon Flights This Fall.

[ASSOCIATED PRESS NIGHT REPORT.]  
GARDEN CITY (N. Y.), July 25.—The first of a series of "aeroplone matinees" under the auspices of the Aero Club of America will be held here next Friday on the aviation field. Prizes will be offered for flights of varied character and most of the aviators who have been seen here this summer will compete.

The first part of the programme will be a series of exhibition flights. Capt. Baldwin and Clifford B. Harmon will make ascents at the same time, the one turning to the left and the other following the two-mile course to the right.

The races will be against the clock—that is, only one machine will be in the air at a time and contests will be three in number.

There will be a two-mile race each for novices and veterans, the latter being handicapped to give the younger fliers a fair chance. Then there will be a ten-mile contest and, finally, a fifty-mile race.

Capt. Baldwin earlier in the day will attempt to qualify for the New York-Chicago and New York-St. Louis races by a continuous flight of one hour.

American women who long to experience the thrills of an aeroplane flight will soon have an opportunity to gratify their desire. One of the smallest, prettiest and speediest monoplanes in existence are on their way to this country from France. French women will demonstrate them.

The aeroplanes weigh only 180 pounds each and are equipped with twelve horse power engines. One will go to the aviation field at Mineola, L. I.

All women who desire to learn the art of flying will be given instructions. Clifford B. Harmon will render the ballooning field in October. He is to try for the international cup in the races from St. Louis and has purchased Capt. Baldwin's balloon. He has the purpose. He has piloted this same balloon before and with it established two American records for height and duration in a flight in October, 1909.

## YANKS DEFEAT ATTACKS OF OTHER LEGATIONS AT PEKING IN Rifle Matches.

[ASSOCIATED PRESS NIGHT REPORT.]  
NEW YORK, July 25.—American sharpshooters have again demonstrated their superiority to the marksmen of other nations, this time in an international match held recently in Peking. The contestants were picked men from the legation guards of all the nations represented in the Chinese capital. The scores have just been received by officials at the navy yard here.

There were two matches, one being officers' teams of two men each, the others being enlisted men's teams of three each. In the officers' match the highest score was made by the American representatives, Capt. J. Holcomb, Jr., and Lieutenant L. W. T. Walker, Jr., of the Marine guard. In the enlisted men's match the three Americans—Corporals Smith and Sufelt and Private Shuler carried off the honors of the day.

The scores were as follows:  
Officers' match, highest possible score, 300. American team, 272; British team, 254; German team, 244.  
Enlisted men's match, highest possible score, 450. American team, 415; British team, 377; German team, 363; Italian team, 329; Austrian team, 214.

### GREAT LAKES RACE.

## Yachts Finish Run from Chicago to Mackinac Island in Lake Michigan.

[ASSOCIATED PRESS NIGHT REPORT.]  
MACKINAC ISLAND (Mich.) July 25.—The yachts in the Chicago-Mackinac race, which started at Chicago at 3 o'clock Saturday afternoon, crossed the finish line in the following order:  
Valmied 27:25:32; Vincidor, 29:44:59; Illinois, 31:03:46; Josephine, 32:10:16; America, 32:11:10; Hawkthorne, 32:32:36; Nautilus, 32:52:54; Mistral, 34:02:38.  
William H. Thompson's Valmied won the contest for the third consecutive year.

Johnson is Too Slow.  
NEW YORK, July 25.—Jack Johnson, champion heavyweight, was arrested again this evening. His automobile was the cause. The arrest for speeding has become an old story with Johnson, but it was a real shock when he was arrested this time for standing still. He was accused of obstructing traffic by stopping the machine seven feet from the curb and the additional charge of having a wrong number on his car was placed against him. He gave \$100 cash bail for appearance in court tomorrow.

No Wait, No Delay.  
NEW YORK, July 25.—The "Cockeyed Barber" was arrested at 23-25 W. Fourth St.

## BIG FOOTBALL GAME SLATED.

### U.S.C. and St. Louis May Be Star Attractions.

### Bovard Expected to Order Rugby Next Year.

### Team Is Shot to Pieces by the Loss of Veterans.

The big football game on Thanksgiving Day probably will be between the University of Southern California and either the University of Arizona or St. Louis University.

Warren Bovard, manager of athletics at the university, has just returned from a scouting trip in the north with his schedule complete. Two coaches will be employed this fall and every effort will be made to turn out a winning team. Coach Dean Cromwell is to have an assistant to coach football. Several applications have been filed for the place, including that of Walter Rheindolff. Considering the snowing made by Rheindolff with the St. Vincent's eleven last fall it is likely that he will be engaged.

It is probable that the university is planning to play Rugby next season. It is known that President Bovard recommended that the law school play the game this year. Manager Bovard when questioned yesterday said that he believed that this would be the last season that the American game would be played in the south.

With St. Vincent's out of intercollegiate athletics it would hardly be probable that any two of the other three colleges would continue to play the old game did the third take up Rugby.

Coach Cromwell is optimistic over the outlook for his team this season, although he has lost some of his star players. Carl Wirsching is the only man of last year's squad that Cromwell lost through graduation. There are several other line men that will not enter U.S.C. this fall, and a quarterback will be very much in demand.

Ikkes, who played quarter last year, with Geller, who played end, have settled definitely upon Dartmouth as their college for the coming year. Crossman and Hanawalt who tried out for the place last season will not help Cromwell out of his need for end men. The Greer-Robbins Company, agents for the Mitchell, have the car on exhibition in their salesroom and it is one of the stylish machines which the local agency has received.

The auto has the regular fifty-horse-power Mitchell engine and is finished in the regular blue. The luggage space at the rear is certain to appeal to the lover of an automobile, as a place of opportunity is afforded those who wish to store trunks or valises for a long trip.

This close-coupled style is coming into vogue this year. F. H. Greer of the company says he has had many calls for these six-cylinder cars and hopes to get about twenty from the factory. It is doubtful, he says, that the factory will be able to ship more than that number West, as there is also a strong demand for them in the East.

The platform type of spring suspension is used effectively. There are twelve leaves in the rear spring. This tends to make the car easy riding and gives a sweep to the under-carriage which adds to the style of the car.

### WHAT ABOUT THE JANITORS?

## San Francisco Is Puzzled Over Where All Those City Employees Find Work Since the Fire.

[BY DIRECT WIRE TO THE TIMES.]  
SAN FRANCISCO, July 25.—[Exclusive Dispatch.] Where do the janitors employed by the Board of Public Works janitors? It seems easy to answer but it isn't.

In the days before the fire they were engaged in keeping the City Hall clean, but what do they do now, when there isn't any City Hall?

James B. Newman, who is Assistant Superintendent of Public Buildings, who has charge of the janitorial department, says that there are twenty-five city janitors this month, and that they clean the Police Stations, the judges chambers and the Sheriff's office.

Clerk Norman, of the Police Department says that six janitors are engaged this month in janitorial work. The Police Stations, and as the chambers of the Superior Court are cared for by the owners of the Grant building, there would appear to be twenty-three other janitors left for the Eddy-street Hall of Justice and the few offices on the site of the old City Hall.

Lieutenant Casey of the Board of Public Works promises to furnish a list of the work done by the city janitorial department, and in the meantime, the question, where do the janitors janitor? remains a puzzle.

### RESCUED FROM CHILLY WATERS.

## Spokane Society Young Folks Have Thrilling Experience in Hayden Lake.

[BY DIRECT WIRE TO THE TIMES.]  
SPOKANE (Wash.) July 25.—[Exclusive Dispatch.] Numbred from long exposure in the chilly waters of Hayden Lake, and clinging desperately to the sides of a frail canoe, from which they had been unceremoniously plunged into the lake, Miss Cicely Hogan, daughter of Millionaire Frank P. Hogan, a social favorite in Spokane, and John P. Clark, son of Patrick Clark, millionaire mining man, graduate of Yale and an expert swimmer, were rescued in the nick of time last night.

The timely arrival of George Nettleton in his launch prevented a tragedy after Clark had succeeded in keeping himself and his companion above water for thirty-five minutes.

Miss Hogan was taken to the Hogan apartments at Bozanta Tavern, where she was resuscitated. Clark apparently was none the worse for the severe chill.

About 9 o'clock Clark and Miss Hogan paddled away over the placid waters. In the middle of the lake the canoe capsized. Clark managed to keep the girl up, holding to the canoe with one hand and shouting lustily. It was his shout which finally brought Mr. Nettleton's launch through the darkness to the rescue.

### CLOSE-COUPLED MITCHELL.

## Six-Cylinder Car Makes a Hit by Its Classy Appearance—Has Platform Springs and Big Motor.

The close-coupled six-cylinder Mitchell is one of the handsomest motor cars to reach Los Angeles this season. The Greer-Robbins Company, agents for the Mitchell, have the car on exhibition in their salesroom and it is one of the stylish machines which the local agency has received.

The auto has the regular fifty-horse-power Mitchell engine and is finished in the regular blue. The luggage space at the rear is certain to appeal to the lover of an automobile, as a place of opportunity is afforded those who wish to store trunks or valises for a long trip.

### RESIDENCE IN DOUBT.

RENO (Nev.) July 25.—[Exclusive Dispatch.] Mrs. Emma D. Crow today appeared in court and asked for a divorce from Edward Crow, residing at Newman, Cal. Her attorney argued that she is a bonafide resident of Reno, but Judge Orr has doubts and ordered that the attorney for the plaintiff be allowed time in which to file briefs in support of his argument that she is a resident of Reno. She testified that her husband treated her like a servant, calling her abusive names and once threatening to kill her with a hatchet.

# TWO UNIONS FIGHT ALONE.

General Strike of Building Trades.

Chicago Carpenters to Stay by Contracts.

Other Kindred Workers Take Same Stand.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, July 25.—[Exclusive Dispatch.] Division in the ranks of the building trades unions over the sympathetic strike called in support of the contractor's development today threatened to cause a split in the Building Trades Council. Only a few trades are involved in the strike. Investigations showing that more than 200 men are out. The other trades declared they mean to remain in work, and will not be drawn into a jurisdictional quarrel between the two unions. It is the hope of the labor politicians to tie up all work and strike 2,000 men.

"Under no circumstances shall I order the carpenters to quit work in this strike," declared John A. Metz, president of the Building Trades Council. "Our men are working under contract with our employers, which is nearly two years to run, and we intend to live up to that contract. I will be defeated for reelection Friday night because of the stand I have taken, but I do not propose to jeopardize the interests of the men I represent by ordering a sympathetic strike in direct violation of our agreement with our employers."

The bricklayers, building laborers, electrical workers, plasterers and structural iron workers have taken the same position as the carpenters and refused to join in the strike. Though the "pipe" trades are out on a number of buildings, they constitute a small portion of the total working force of work progressed on all the buildings today.

"The Otis Company will maintain a neutral position in this fight," said M. Christopher, general manager of the company. "It is not our fight, but a fight between two unions, and they can settle it among themselves."

# DANCE MUSIC CAUSES STRIKE.

Cleveland Factory Girls Quit on Hot Day When Demand Is Not Met, Places Filled.

(ASSOCIATED PRESS NIGHT REPORT.)

CLEVELAND, July 25.—Twenty-eight girls employed in the hot rollers, kneaders and cutters' room at the American Chicle Company's plant, even to desperation by tantalizingly sitting at a dancing pavilion in a nearby park, went on a strike here today. The girls have been getting \$1 a day. They wanted \$1.25, the wages paid the wrappers of chewing gum, when they reported for work today. The workroom was like a bake oven, though the thermometer was registering a record-breaking heat, there was at least a breeze. May Calkins threw off her apron when the music came floating through a window.

"Gee, girls," she said, "if the superintendent doesn't raise our wages, let's like and go and dance."

When the demand was taken to the superintendent he asked for twenty-four hours to consider. The girls refused him a minute. He told them quit. The strikers proceeded to the pavilion.

There they danced and talked over the wage question. In the meantime the superintendent got busy. "I've filled the places of all the girls with four exceptions," he announced in the end.

# BODY PERFECT, IN GRAVE YEARS.

Body of Former Sister of Providence Head, Buried Sixty-four Years, Shows No Signs of Decay. The Founding Convent in Early Days by Wabash River.

(BY DIRECT WIRE TO THE TIMES.)

TERRE HAUTE (Ind.), July 25.—[Exclusive Dispatch.] It was learned today from a former Superior of the Sisters of Providence that it had been proved to the ecclesiastical commission, investigating the life of Mother Theodore, founder of the Mother House, St. Mary's near Terre Haute, that the body was taken from its resting place in the convent graveyard some time ago, not a sign of decay had been found, even the brain is said to have been as perfect as in life, and, along with the many cures reported through her intercession, will be submitted to the Pope as fitting evidence of divine approbation of her life, declared a saint.

Mother Theodore and five companions came from France in 1840 and lived in the woods along the Wabash River a log cabin school that was replaced by one of the finest convents in the country. She died in 1854, and since that time her body had lain in the convent graveyard until last October when it was removed to the beautiful crypt beneath the new-completed \$1,000,000 church.

Close by this magnificent structure is a little shell chapel erected by Mother Theodore in honor of Saint Anne in thanksgiving for her preservation during a violent storm while fleeing the Atlantic.

# MANY JEWS ARE EXPELLED.

Seven Thousand Five Hundred Are Banished Since Russia's Imperial Decree Became Effective.

(ASSOCIATED PRESS DAY REPORT.)

KIEV, July 25.—From July 16 to July 25, inclusive, 941 Jews were expelled from this city and suburbs of Solomna and Demetka. Of this number, 7, while marked for expulsion, were permitted to take their departure without waiting to receive the customary three days' tickets given to one who are expelled by what is known as the "first method." Jews in this class are allowed three days in which to close up their private affairs and leave. Those falling under the "second method" are subject to drastic measures.

# FOREST FIRES IN COLORADO.

Two Sections of State Are Swept by Big Blazes.

(ASSOCIATED PRESS NIGHT REPORT.)

DENVER, July 25.—Disastrous forest fires are raging in two sections of the State and tonight foresters report both beyond control. Additional help in fighting the fires has been sent from Denver and near-by towns.

The fire in the Routt preserve, in the northwestern part of the State is the most serious. Already the fire, which is really four different fires heading to a common center, has caused damage estimated at \$200,000, and unless it is brought under control soon, the loss conservatively estimated will reach \$1,000,000.

The Routt preserve fires have burned a line around 60,000 acres of the finest pine timber in the State and within the burning area are located many splendid ranches and private timber tracts.

One of these fires is in the Red Park district, another in the Hahn's Peak country; still another in the divide between Elk River and Big Creek, and the fourth at Buffalo Park.

Appeals from Supervisor J. H. Ratliff ask for at least a hundred more men and fire-fighting equipment.

The northern-most blaze is reaching over the Wyoming line.

Tonight a second call for help was received at forestry headquarters from Fort Collins, seventy miles north of this city, to combat a prairie and timber fire which started Saturday in the Stove district, west of there. Homes of hundreds of ranchmen and hundreds of head of live stock are threatened with destruction. The fire has burned over ten square miles of grazing and timber lands.

Supervisor Wheeler, head of the local forestry branch, telegraphed the timber inspector on the ground to engage fifty men at Fort Collins at once and start them to the Stove district in automobiles.

# MAKING GOOD.

Supreme Court Approves Report of Superintendent of Insurance Who Converts Standard Company's Assets Into Cash for the Holders of Certificates—Expenses Cut Down.

(ASSOCIATED PRESS DAY REPORT.)

ALBANY (N. Y.), July 25.—Judge Andrews, sitting at a special term of the Supreme Court at Syracuse, has approved the report of William H. Hotchkiss, superintendent of insurance, and has directed the payment of a first dividend of 60 per cent. to the certificate holders of the People's Mutual Life Insurance Association and League. This dividend will be paid by insurance department checks mailed to members at their home addresses. The issue of dividend checks will begin August 1. It is estimated that the work of making the payments to the 38,332 members will take about two months.

The People's Mutual is the fraternal insurance society which came into public notice in December, 1909, as a result of an attempt on the part of its board of directors to transfer the control of the society and its \$2,000,000 of assets for a consideration of about \$100,000. At that time possession of the society was taken by Superintendent Hotchkiss under an order of the Supreme Court.

The same court directed the liquidation of the corporation on March 3, 1910, and the officers appealed from this order. All appeals were withdrawn on April 1, 1910, under a settlement which involved the return to Superintendent Hotchkiss of the sum of \$150,000, which had been withdrawn from the society and deposited in a Canadian bank.

This is the first liquidation of a large insurance company under the new law requiring departmental administration instead of receiverships through court proceedings.

A first dividend of 60 per cent. has been declared in less than four months, about \$2,000,000 of securities of various kinds turned into cash, \$300,000 of matured obligations paid, and a total expense of less than \$12,000, or about six-tenths of 1 per cent. of the amount now to be distributed. It has not been necessary to employ outside counsel. The \$150,000 was recovered without litigation.

# STRAIGHTEN OUT SOCIETY'S AFFAIRS.

NEW YORK'S NEW INSURANCE LAW IS TESTED.

(ASSOCIATED PRESS NIGHT REPORT.)

# STORM BLOWS DOWN TENT.

Los Angeles Pastor Among Several Injuries in Camp Meeting.

(BY DIRECT WIRE TO THE TIMES.)

ST. LOUIS, July 25.—[Exclusive Dispatch.] Rev. G. Martin of Los Angeles, Rev. C. E. Cornell of Chicago and Rev. Howard Eckel of Louisville were in a big tent at a Holiness camp meeting at Maplewood, a St. Louis suburb, late this afternoon when a big storm blew down the tent. They had barely escaped when a big oak tree fell across the corner of the tent, breaking ropes and poles, imprisoning W. Keithley, an aged man of Sanford, Mo., and Miss Celeste Sennell of Maplewood. They escaped without injury, crawling from under the tent and torn canvas into the blowing rain.

# MARRIES THE GIRL.

Earth Ceremony Follows Heaven Made Match When Prominent Woman's Son Weds Missouri Girl.

(BY DIRECT WIRE TO THE TIMES.)

KANSAS CITY, July 25.—[Exclusive Dispatch.] Miss Zerelda Owen, now Mrs. William Danielson, both celestially and terrestrially, is happy. The earthly ceremony which made her the daughter-in-law of the wealthy Mormon president of the Danielson Plow Company of Utah, and of Independence, Mo., was performed this morning by Justice of the Peace Loar of Independence.

This wedding, having the approval of the Recorder's office, was real enough to satisfy Miss Owen, her parents and her friends. The earlier wedding—the one made in heaven with angels instead of a precinct justice officiating—was deemed sufficient by the groom at its making some weeks ago, but not by the pretty 17-year-old bride, and her relatives, who caused the arrest of the 19-year-old bridegroom.

The Danielsons are leading members of the Mormon church. It was the family hope that William should follow in the footsteps of an older brother and become a Mormon missionary. Only at the last moment did they consent to the worldly rites binding their son terrestrially. The Owens are the Latter Day Saints. The only kind of wedding they recognize are those like the ceremony this morning.

# WILL TRY NORTHWEST ROUTE.

Canadian Polar Navigator Hopes to Pilot Ship from Hudson Bay to Pacific.

(ASSOCIATED PRESS DAY REPORT.)

OTTAWA (Ont.), July 25.—Capt. Bernier, the Canadian polar navigator, is en route to Canada Arctic waters with the government's permission to attempt the northwest passage and bring his vessel around to Victoria, B. C., a feat which was unsuccessfully tried by Peary, Ross, Franklin and other navigators during the last century.

En route Capt. Bernier will assert British and Canadian sovereignty over all the islands in the north many of which have not been visited, except by early explorers.

He also will investigate the rumors of coal, lignite and other mineral deposits at various points in the north.

The last time the northwest passage was made was in 1854 by McClure. He, however, did not bring his vessel through, but walked across the ice, to Melville Island. Capt. Amundsen's voyage of four years ago was via the southern passage, south of Victoria Island.

# OFFICER KILLS INDIAN.

Bad Red Man's Wife Sees Husband Shot by Sault Ste. Marie Officer He Maimed With Rifle.

(BY DIRECT WIRE TO THE TIMES.)

SULT STE. MARIE, July 25.—[Exclusive Dispatch.] George Peconnum, an Indian, was killed while resisting arrest by Deputy Sheriff Leavitt here today, after he had broken the officer's left leg with a bullet from a heavy-caliber rifle. Peconnum's wife witnessed the shooting of her husband from his bunk.

The Indian, who had been drinking, had previously threatened the life of J. McClellan and was in an ugly mood when Leavitt warned him to get into the buggy and drive out of town to his home.

Peconnum refused and started to abuse Leavitt, and when the latter tried to place the Indian in the buggy he took a snap shot, the bullet striking his leg.

The officer opened fire on his assailant and Peconnum fell dead, with four bullets from Leavitt's revolver in his body.

ROAD BEATS HEIRS.

Federal Judge Holds That Valuable Denver Property Was Not Properly Deeded.

(ASSOCIATED PRESS NIGHT REPORT.)

DENVER, July 25.—A decision affecting property in the heart of Denver was handed today by United States Judge Lewis today. It is in effect that probate judges forty years ago exceeded their authority and deeded away lands they had no power to transfer.

At that time an act of Congress granted 350 acres to the city of Denver, and probate judges were empowered to complete title to certain occupied lands. Robert Potter was given certain lands by these officials, and, in the course of time, this property came into possession of the Colorado and Southern Railway.

Heirs of Potter are seeking to recover it and the railroad is making the plea that the probate judges exceeded their authority, and the company contends that it is the owner by right of possession. All the property in a section of the wholesale and warehouse district is affected, much of it very valuable. An appeal will be taken.

## STRETCH TALK WIRES TO IMPERIAL VALLEY.

**Pacific Telephone and Telegraph Company Perfects Plans for Covering the Southwest With Network of Lines Connecting Los Angeles.**

A CAMPAIGN of expansion and improvement has been instituted by the Pacific Telephone and Telegraph Company which will play a large part in the development of resources of the great Southwest, a movement every day gaining momentum from some new direction. Superintendent Calvin M. Seeley has just returned from a tour of the Imperial Valley and announced yesterday that his company will immediately begin the construction of an extensive toll system in that district, including a special pole line and heavy copper wires from San Bernardino. This is but one of the many projects which will cover the Southwest with a network of telephone wires. Arrangements are being made with nearly all of the independent exchanges to furnish long distance service by connecting the local systems of smaller towns. This method of communication greatly facilitates the transaction of business and brings the new agricultural district in close contact with the market.

The new Imperial Valley line will be built from San Bernardino to Imperial Junction, El Centro, Imperial, Holtville, Brawley and Calexico, making connections with every telephone exchange in the valley. The equipment is to be of such a character that it will be possible to talk as plainly with Los Angeles as it is with Pasadena and the city.

NO LIMIT TO DEVELOPMENT.

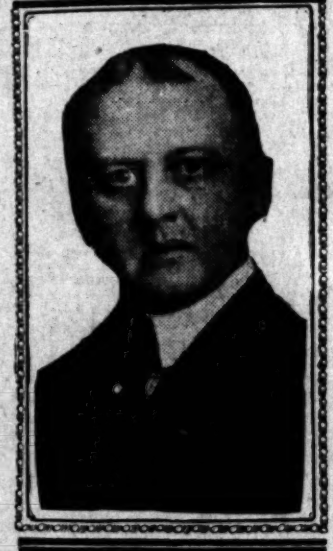

"This was not decided upon," said Mr. Seeley yesterday, "until I had made a tour of inspection through the valley and accumulated a mass of data regarding conditions there. I must say I am amazed at the way this new district has come to the front. There seems to be no limit to the development down there and I am confident that investments made for future business will be well placed. Our own plans contemplate putting in the best service in the Southwest, something better than first class. The importance of direct communication with markets in a district as thoroughly agricultural as this cannot be over-estimated. It comes next to the railroads, and we anticipate immediate results in building up the valley and at the same time adding to our own business by this move."

"The telephone systems of the Southwest are being centralized and made more and more efficient by the extension of toll lines. We are now able to offer a means of communication between the various towns in the various towns by our arrangements for furnishing long distance service. It is impracticable for a small system to build interurban lines, and it would not be economical to have such lines duplicated."

"I went over the Imperial Valley country, I started at Yuma and then took the Interstate line back through Northridge, Los Angeles and San Francisco. The products there are simply marvelous in size and abundance, and the people who go in with improvements to improve them on the same scale. We stopped at the finest of hotels, saw commodious theaters, splendid banks, and all the other institutions of a thoroughly developed community. It is only the few Los Angeles people who make frequent trips to the valley that realize how much is being done down there."

GROW ALMOST ANYTHING

"It's a country of rich soil with plenty of water and a climate that will grow almost anything. Everyone is pretty well satisfied that with the re-

Supt. Calvin M. Seeley of the Pacific Telephone and Telegraph Company, who announced yesterday that construction of an extensive toll system will be begun at once in the Imperial Valley.

pecially to those who have had any experience with public utilities that we are all hard-pressed to keep up with the growth of the country. There are a great many directions in which the Pacific Telephone & Telegraph Company is being called to make new investments and increase its activities and its territory. The company has a sort of predilection, however, for a successful agricultural district. It looks rich for the present and promising for the future. It promises to dole its population well as to increase its ratio of business transactions. These considerations are calling out the very best efforts of the company to increase its toll lines. "Our general plan of development of the telephone service in this district, which extends from the Tehachapi to the Gulf of California, is to make connections between all telephones of whatever systems they may be. Of course that is a big proposition to work out and there will be some obstacles. At the same time the plan is progressing rapidly."

Mr. Seeley said it would be premature to discuss negotiations that are under way other than those in the Imperial Valley, which have been completed. It is understood, however, that many miles of cross-country wires are being laid in Southern California. In the near future and that intercommunication between cities and towns will be highly perfected.

## PRYING OPEN THE HOSPITAL.

OSTEOPATHS IN FORLORN HOPE WITH DYING WOMEN.

Board of Supervisors May Permit Druggists Practitioners to Attend Two Patients in County Institution Who Have Been Declared Hopeless Cases by Regular Physicians.

New attacks were made yesterday on the barriers against osteopaths which the Board of Supervisors has erected at the County Hospital. Numerous times the believers in osteopathy have pleaded for justice with the county officials, but yesterday their demands were made in the name of humanity.

It was pointed out to the Supervisors that at least two women patients at the hospital have been given up as hopeless victims of incurable disease and are repeatedly demanding the treatment of the osteopaths.

"I want to ask you as men, not as officials, if it is right to deny these women this last hope, when it will not cost the county a cent?" asked one young woman, who is interested in the helpless ones.

The Supervisors agreed with her that there was no reason for keeping out the osteopaths in such circumstances. Although they did not give permission for the physicians to enter the hospital to attend these two patients, they promised that they would probably do so when the matter is taken up for final consideration next Monday.

This is the first ray of hope these practitioners have had in their fight to be admitted to the hospital, that has been waged for months. That they are forbidden to enter a public institution where allopathists are welcomed has been a thorn in the sides of the graduates in osteopathy for a long time.

The Supervisors did not take responsibility of settling the affair on their own shoulders, but submitted it to Superintendent Whitman of the hos-

## A SKING HELP OF VICTIMS.

**Brewery Strikers Fight Saloon-Men, Then Try to Get Them to Help.**

Beaten to a frazzle--and knowing it--the brewery strikers and their union labor backers are appealing to the saloon-men of this city to help them out of the hole they crawled into when they left their good jobs and went on strike.

Yesterday they sent a letter to the men whom they tried to ruin with rough-neck brawls crying "unfair beer" in front of their places of business, asking that they forget and forgive and act as a committee to end the strike.

They accompanied their "request" with a threat that they will start a prohibition campaign and make this a "dry" town if the saloon-men don't act as cats-paws. The saloon-men realize this is a bluff--a "cutting off of the nose to spite their faces"--but they attended a meeting at the labor temple and agreed to act.

## LONG TONGUE BRINGS GRIEF.

**GAY LOTHARIO'S BOAST GETS HIM TROUBLE.**

Bride of Year, Made Suspicious by Husband's Account of Former Flame, Investigates and Began Warrant Is Result--Man Nabbed in Wilmington.

Edward J. Baugh, a minor, lies a prisoner in the County Jail, technically on a charge of bigamy, but really as a result of not having been able to refrain from boasting of his former amours.

He only hadn't told wife No. 2 of the charms of a former innamorata of his in Portland, Or., there would possibly have been no trouble in the family. His account of the lady, with appropriate descriptions thereto attached, aroused not only jealousy but suspicion in the heart of Mrs. Katie Baugh, his 18-year-old bride of a year, and she proceeded to make an investigation. She discovered that her supposed husband was already provided with at least one wife, a woman he married in Portland five years ago.

Filled with a just wrath, Mrs. Baugh, before Justice Baird late yesterday afternoon and swore out a warrant for the arrest of the gay Lothario on a bigamy charge.

Learning that Baugh was at work on the Kaster ranch, near Wilmington, Constable Cochran and his deputy, George Johnson, issued an arrest warrant and started for him. The twenty-mile night run was made in record time and Baugh was nabbed as he was about to retire. He made no resistance to the officers, but accepted the situation with a philosophic cheerfulness. He even admitted to his captors that he guessed he was in for it, acknowledging the existence of the Portland spouse.

The authorities suspect him of having others in different places throughout the country, for since Baugh left his native Tennessee he has been a bit of a roving character. He even admitted to his captors that he guessed he was in for it, acknowledging the existence of the Portland spouse.

When brought to this city at 9:30 o'clock last night Baugh was so exhausted by the rapidity with which things had been happening to him as to be unable to discuss his case with any one.

## HEAT KILLS DR. DYAS.

**Los Angeles Resident Expires in Salt Lake City and Widow Brings the Remains.**

Heart failure, due to the excessive heat of Salt Lake City, caused the sudden death of Dr. John E. Dyas, who had for several years resided in Los Angeles. Mrs. Dyas arrived here yesterday with the remains.

Dr. Dyas was a native of Bellevue, Iowa. A large portion of his life was spent in Montana. He was for several years a probate judge at Great Falls, and in 1907 he came to Los Angeles in excitement in Nevada he went to Goldfield, where he was organizer and an official in several companies.

He retired from active business shortly after the boom and came to Los Angeles three years ago. He was 53 years old.

Mrs. Dyas has not completed funeral arrangements, since she is waiting to hear from Dr. Dyas's children, a daughter, Miss Lucile Dyas, Helena, and a son, who is in one of the Montana mining camps. Mrs. Dyas is registered at the Victoria Hotel, and will remain until after the funeral.

## MEANS MORE RESIDENTS.

Change of Colonist Rate Dates Gives Better Opportunities to the Home-seekers from the East.

The Santa Fe has announced a change of colonist-rate dates that will greatly benefit Southern California. Under the old schedule the colonist rates were in effect from September 15 to October 15, but on account of the heavy demand for accommodations the road has decided to serve the colonists from August 15 to September 15. This will permit the distribution of dates over a greater period, and will be in effect from September 15 to October 15, as will also the Santa Fe.

Last season the Southern Pacific and the Santa Fe estimated that fully 50,000 persons who became residents took advantage of the low rate offered to move their homes to this State.

## POLICE STIR SOCIAL CLUBS.

**Also, the "Purity Squad" Gets Into Action.**

**One Woman, En Dishabille, Wrecks Parlor.**

**Raid Becomes Epidemic, and Patrolmen Turn To.**

Police officers started a militant reform wave which became contagious early last evening.

While patrolmen of the East Side substation were raiding social clubs, Sergeant May and his "purity squad" were busy gathering in tough women and a patrolman who heard of their activity, immediately began making arrests for violations of the ordinance covering the keeping of hotel registers.

The wave of reform filled the desk sergeant's office with calls and complaints of whisky, beer, cordials and "near-liquors," while the Police Station telephones were kept busy by sporty men and women in resplendent costume, who besought turnip-hearted "purity" to call with bail money.

Purity was rampant from 8 o'clock in the evening until midnight. After that time the offenders against morality were able to raise bail and hurried away.

Shortly before 9 o'clock last evening Lieut. Murray, now in charge of the East Side station, made a raid on three social clubs, with two patrolmen--Busse and O'Brien. They had evidence and swooped down on the clubs scheduled for a raid.

The Poppy Club, No. 1800 East Main street, managed by Joe Molts and A. L. Redfern; the Southern Pacific Club, No. 744 Lamar street, managed by George J. Smith and Arthur Smith; and the Coyote Club, No. 727 Eastlake avenue, managed by William Cooper and Walter Vance, were hit.

The managers were taken to the Central Police Station and released on \$100 bail each. Large stores of liquor were confiscated and held as evidence.

## WOMAN FIGHTS POLICE.

While the police automobile was busy on the East Side, the "purity squad" and the patrol wagon were working near the central part of the city.

Sergeant May, accompanied by Patrolmen Weiss and Murphy, visited the place of Mrs. Docia Moore, No. 627 Temple street. They arrested Mrs. Moore and her sister, Miss Lena Milledge. This was not accomplished without difficulty.

Mrs. Moore weighs close to 200 pounds and has, it is said, a violent temper. She was en dishabille when the officers entered, and was able to fight unaided by the officers. She was subdued only when the latter used more than moral suasion.

It took the fighting landlady a long time to raise \$100 cash bail, but she succeeded after her sister had been freed on \$50 bail.

Patrolman Croft began thinking over the offenders on his beat and arrested George J. Smith, a cooper, on Hewitt street; C. J. Jensen, proprietor of the Amathay rooming-house on East Fourth street, and Nettie Ball, manager of the Hotel Johnson on East Fourth street, for failing to keep proper hotel registers. The offenders were released on \$25 bail.

## MAY START LEGAL BATTLE.

Shortly after midnight railroad employees complained of the raid on the Southern Pacific Club, which they assert, is a legitimate social organization and violates no laws. The railroad workers claimed that the officers were merely making a test of the club's managers, Farren and Snell, and asserted that they will start a legal battle to determine the status of their organization.

During the general stir "purity squad" men arrived occasionally with women who were charged with vagrancy. These showed disrespect in putting up bail money and hurrying away.

Several social clubs in the western part of the city closed up when the proprietors learned of police raids on the East Side, and it is understood that they will make a legal test of the club's managers, Farren and Snell, and asserted that they will start a legal battle to determine the status of their organization.

## GREAT COASTWARD RUSH.

Twenty Thousand Here from Country Between Reno and Albuquerque, According to Santa Fe.

Santa Fe officials report that during the present season the traffic from Arizona, Nevada and New Mexico is greater to Los Angeles and vicinity than it has been at any time in the past.

Santa Fe officials estimate that fully 20,000 persons are in Southern California from the country between Reno and Albuquerque, while the main traffic from that district is not expected to begin until August.

The new Parker cut-off has added greatly to the coastward movement for it is now possible for the Phoenix business man to send his family to the coast and to run over himself for Saturday and Sunday. Leaving Los Angeles on Sunday night it is now possible for him to be back at his desk early Monday morning.

Another movement is felt from the San Joaquin Valley. In the past the people between Bakersfield and Stockton had a tendency to spend the vacations at Monterey and Pacific Grove. This year there is a great tendency manifest to visit Southern California points.

The recent hot weather in the San Joaquin Valley started the vacationists south in large numbers.

## Rialto's Unsteady Prop.

A Rialto will need no props for twenty-five days. He was glorious drunk when a gipsy met him near the Plaza, wrestling with a bicycle. Rialto explained to the court that he had seen the bicycle at the curb and as he was very drunk, he had picked it up to have something to lean on. The antics that followed, as related by the officer, were amazing, and Rialto was charged with petty larceny. Police Judge Williams sent him to jail for twenty-five days.

## CITY OVERLOOKING MONEY?

**Twenty Thousand Dollars in the County Treasury for the Municipality Remains Unclaimed.**

County officials are wondering why the city does not claim \$20,000 as its share of road funds which is on deposit in the County Treasury for the municipality. The Board of Supervisors has passed demands for this amount, but Los Angeles has not laid claim to it.

Meantime the City Auditor and members of the Board of Public Works are declaring that the county is dealing unjustly in hanging on to funds which belong to the district which was later annexed to the city.

Statements have been given out that the city is entitled to \$23,000 as the share of the road funds of that part of the Chahuenga Valley district which is now in Los Angeles. The figures in the County Auditor's office show that the entire tax levy for road funds in this district was \$61,074.41 and that much of this has been expended. The strip which was taken into the city was only a small part of the district. Seven thousand dollars has been set aside by the county as the money which it should carry into the City Treasury.

It is apparent that some one who compiled the figures for the city became confused. The district which has been referred to as Chahuenga both before and after consolidation, covers the Tropic, East Hollywood and Arlington Heights districts. Yet the city has collected all of the road funds which are due it for the parts of these districts which have been annexed. It will receive between twenty and thirty thousand dollars.

## TO GET MORE MONEY.

Recommend Special Tax Levy for Paying Assessments Against Public Property for Improvements.

At the meeting of the Board of Education last night, a resolution was adopted recommending to the City Council the making of a special tax levy upon all the property of the city for the payment of assessments for street paving, sewerage and other improvements against all public city property. This resolution was passed in response to a communication from the City Auditor, asking that a special tax be levied on the city property to cover all such assessments against the school properties of the city for the present school year. The contention of the Board of Education was that as many of the school properties are outside the city limits, it is not fair to assess them for improvements in the heart of the city.

Deputy District Attorney Shaw presented a bill of \$50 against the board, claiming that amount for defending the vaccination suit against the San Pedro school department. Payment was refused, and the secretary directed to inform Mr. Shaw that the minutes of the Board of Education show that the District Attorney's office was asked to defend the suit.

A committee of residents of the neighborhood of the Berendo-street school was present to protest against making the school grounds a public playground during vacation, but the board refused to rescind its former action.

Contracts were let for painting and calculating the school buildings during vacation.

The resignation of Edith E. Foster, a teacher, was accepted, and Erma Lee was granted leave of absence until June, 1911. Irene T. Short, Harold Ryerson, and Alpha Blisley were elected substitute teachers.

## THREE WOULD BUILD ROAD.

Contractors Put in Bids for Improving Footpath Boulevard from Glendora to Claremont.

The second advertisement for bids for building the improvements on Footpath boulevard from Glendora to Claremont, that was inserted by the Supervisors when the first one brought no offers tempted three contractors to submit bids, which were opened yesterday.

H. H. Rogers asks \$24,409 for putting the highway in the condition required by the specifications drawn by the Highway Commission. The bid of Rife & Cave was \$63,381.31, and that of A. C. John was \$63,540.55. They were referred to the commission for recommendation.

The road will not be completed by January 1, 1911, as the Supervisors and Commissioners had planned. The delay has been occasioned by the fact that the contractors have been slow in seeking the contract. Before the bids were opened, the Supervisors decided that the successful contractor would not be required to finish the work before March 1. Rogers stated in his offer that he would not agree to complete the road before April 1.

## WANTS FIVE-CENT FARE.

Colegrove Board of Trade Demands Laisser for Dodging It, and Appeals to Council.

The Colegrove Board of Trade appointed a committee last night to go before the City Council and show cause why the franchise of the Los Angeles Pacific Railway should be vacated.

The members of the board say they will show that the company is violating its franchise in its most essential features--that it is not operating ten round-trip cars between Los Angeles and Santa Monica, and that long trains of freight and stone cars are run at fast speed through Colegrove.

Boss Lisner was severely condemned by speakers last night for failing to cause through in the matter of a 5-cent fare to Colegrove, which was referred to the Board of Public Utilities by a committee of twenty-one, through an executive committee. Lisner was also condemned for attempting to throw the responsibility of failing to do this matter on City Attorney Hewitt, who, he said, has delayed drawing up the ordinance.

## Court Settles Dispute.

Charles Oliver and S. Johnson, negro plasterers, began a little discussion as to which was the more expert with their trowels, rather would submit in forfeit, so Johnson picked up a "right-arm-stare" rock and undertook to give a practical demonstration on Oliver's nose. Oliver thought there was rather too much plaster on Johnson's nose and he tried to cut some of it off with a knife. Police Judge Williams yesterday sent them to the workhouse for fifteen days to think it over.

## Gathering Them In.

W. C. McEnery and H. E. Teasel, charged with violating the speed ordinance, pleaded guilty in the Police Court yesterday and were fined and paid \$25 each.

yesterday against Frank J. Pico asking that the court enjoin him from interfering with her custody of their minor child, Benigna Pedro Carlos Pico, aged 5 years. The Picos were in the divorce court some weeks ago, and Judge Hutton denied either a decree.

HEARING POSTPONED. The further hearing of the case of Charles F. Hendrick, the "blind" nightingale, former tenor singer for Francis Murphy, was yesterday postponed in Judge Hendrick's court until some time when Hendrick is able to leave the County Hospital, where he is very sick. The unfortunate man was adjudged mentally unsound by physicians last week, and sent to the hospital at the request of friends, who asked that they be given an opportunity to care for him in a private sanatorium.

THE INFERIOR COURTS.

FIGHT FANS CROWD COURT.

SPECTATORS AT RINGSIDE PLEAD GUILTY.

They Are Given Suspended Sentences While Boxers Are to Appear in Juvenile Court—Manager Granted Time to Answer—Society Woman Pays Fine.

The case of the Sunset Athletic Club members tried yesterday before Police Judge Williams after a sensational raid Saturday night, was, at least, in point of numbers, the largest tried in the Police Court in recent years.

Nearly a hundred men of all classes and nationalities appeared and were given suspended sentences of \$100 or 100 days in jail, as they pleaded guilty. The courtroom and the corridors were jammed with fight fans when the hour for opening court arrived.

The usual run of offenders was crowded to the wall and the place looked like a union labor trial scene, when there is a chance to bluff the court by a show of numbers.

As he walked to the bench, Police Judge Williams showed no interest in the big crowd of men who stood in his courtroom, shouldering each other and treading on one another's feet.

He disposed of about twenty-five or thirty drunks who sat in the dock holding their aching heads or trying to look cheerful, then turned to the Sunset Club case.

The cases against the spectators were called first. The names were called in bunches of six or seven. As the club members passed through the railing, G. M. West, the manager of the club, addressed each man in a whisper to plead guilty. This advice was acted upon right along and one after the other they were sentenced.

The spectators disposed of, the court turned to David Picato and Ray Thole, the boys who were in the ring when the police raided the place. They said they were under eighteen years of age and both were sent before the juvenile court.

G. M. West, the manager of the club, was the last man called in the case. The charge against him was conducting a boxing exhibition outside the district specified by the ordinance. West, who was recently heavily fined by Police Judge Frederickson for selling liquor at the Sunset Athletic Club, was given until August 2 to plead.

WARNING TO BEHAVE. NO FAST AND LOOSE PLAY.

"Sold doves" were given to understand by Police Judge Williams yesterday that they are not to play fast and loose with the courts. Two of them, Lilly Gautier and Lily Lorraine, when shown to be repeaters under the charge of being lewd and dissolute persons, were fined \$100 each, and the court added a warning that another arrest would mean a straight jail sentence.

Marcelle Marchant, a new arrival from San Francisco, and arrested here for the first time, was released with a \$25 fine, but she also was warned to behave herself or leave the city. Marcelle is the woman whose arrest caused Officer Miller to be set upon by a half dozen Japs, who were quelled only

butt of his revolver, turned the weapon and threatened to shoot. Nothing of this, however, was brought out in court.

ONE, TWO, THREE. VICTIM OF OLD YING.

J. M. Lumpkin, a lanky denizen of the East Side, managed to scatter himself pretty well into the three departments of the Police Court, during a well finished spree. Excited by the liquor he had taken, he kicked up such a row that neighbors swore to a complaint, charging him with disturbing the peace. When the warrant officer found him, Lumpkin was carrying a revolver in his hip pocket, and a complaint to that effect was sworn out against him. Meantime, his dog had escaped, and a third complaint charged him with violating the muzzling ordinance. Lumpkin was arraigned before Police Judge Williams yesterday on the concealed weapon case, but when the court heard of the other charges, the matter was continued to August 1.

WHAT'S IN A NAME? THIS SMITH KNOWS ANSWER.

W. H. Smith of No. 119 South Olive street, charged with forging the name of W. H. Smith of No. 708 San Francisco street, was given a preliminary hearing before Police Judge Chambers yesterday and remanded to the County Jail in default of \$1500 bail.

The nearly fifteen W. H. Smiths in Los Angeles, a check in payment for a dividend in a Mexican oil company was mailed to the San Francisco street Smith, at an old address. The letter went the rounds of the great Smith family. In time it reached the Olive street Smith, at his place of employment, the W. E. Bush garage. He did not know why he should be sent a check, but as the check was made out in his name, he cashed it without hesitance. The other Smith, when his money failed to materialize, wrote to the manager of the oil company an urgent "please remit." He was informed that the check had been forwarded to his old address, and the letter was finally traced to the Olive-street Smith, who was arrested.

THE AX FALLS. CHICKENS VS. WATERWAGON.

With the certainty of going to jail for ninety days if he steps off the water wagon, H. C. Clissell stoutly promised Police Judge Williams yesterday that he would abstain from liquor forever and a day.

Clissell was arrested on the complaint of his wife, who charged him with disturbing the peace. "I had some friends in the house," he said, "and he came home drunk and broke the dishes."

"Oh, judge, don't send me to jail," pleaded Clissell. "I got a fine place out there, and I got a fine lot of chickens, and then the ax fell."

ALL LOOK ALIKE. SOCIETY WOMAN PAYS FINE.

It was "extremely insolent" of Patrolman Winn to ask Mrs. C. Morris to appear in such a vulgar place as the Police Court when he found her fido unmuzzled on the lawn of her elegant home at No. 421 West Adams street.

Mrs. Morris, however, was forced to be there and it cost her \$5. It was an exceptionally busy day in the Police Court, and Mrs. Morris was obliged to sit there, very much out of place, waiting her turn.

"C. Morris," called the court without looking up. Mrs. Morris swept angrily up to the bar. The tip of the long chancery plume in her jaunty turban had fairly quivered in sympathy with her emotions.

She is charged with violating the muzzling ordinance, etc., went the court, in the businesslike tone with which he had dispatched so many other cases. "Now do you plead?"

"Sir," Mrs. Morris's voice was vibrant with indignation. "She was on her own ground."

The court never batted an eye. He simply turned to the arresting officer, administered the oath, and asked for particulars.

"She did not have a muzzle on, sir," interrupted Mrs. Morris. "but she was on her own ground, right behind me."

"Was that dog where it could not bite anybody?" sternly asked the court. The officer replied no. "Three dollars or three days in jail," coldly announced the court.

HEARING IS SET. DATE FOR THOMPSON'S TRIAL.

The hearing of Fred H. Thompson and his wife, Mrs. Rita M. Thompson, charged jointly with receiving \$10,000 stolen property belonging to the First National Bank, was set by Police Judge Chambers yesterday afternoon for Tuesday, September 13. Thompson was the attorney for Orlando F. Altore, a young employee of the United States postal department, who confessed and was sent to the penitentiary for two years for stealing from obtaining bonds, did not appear until a week later. Ball in his case was fixed at \$500, which he furnished.

Thompson and his wife were arrested at Reno just before the Johnson-Jeffries prize fight. They were released under bonds to appear either here or in Reno when wanted. Mrs. Thompson appeared in the Police Court when ordered to do so, and was released under a \$500 bond.

Thompson alleged that detectives from the District Attorney's office prevented him from obtaining bonds, and that he did not appear until a week later. Ball in his case was fixed at \$500, which he furnished.

In the Police Court yesterday, Attorney Jud Rush appeared for Mrs. Thompson, while, in the absence of Attorney Rogers, who is ill, Attorney Dehn spoke for Thompson. The attorney for the defense asked for more time, and Deputy District Attorney Paul McCormick representing to the court that it would be impossible to obtain witnesses for the prosecution for an early hearing, the matter was continued as stated.

Brings Forger Here. Frank Martin, alias Tony Martin, arrested in Keokuk, Ill., arrived in Los Angeles yesterday in the custody of Detective Murray. He will be arraigned in the Police Court this morning on three charges of forgery.

Hornings' Hearing Set. Fred Hornings yesterday was formally charged with the murder of Attorney Captain Auble. He was arraigned before Police Judge Chambers, and his preliminary hearing set for Thursday at 10 o'clock.

Lights Must Shine. Twenty offenders against the ordinance requiring lights to be placed on vehicles at night were in the Police Court yesterday, and paid fines of \$2 each. They were chiefly truck gardeners, who had been arrested on their way to the Ninth-street market.

His Story Too Thin. Frank Moran did not begin running soon enough, and Police Judge Williams yesterday sent him to jail for twenty-five days on a battery charge. The complainant was Juan Camacho, who appeared in court sadly disfigured. Juan said Moran had knocked him into the gutter and repeatedly kicked him in the face, a statement borne out by witnesses. Moran, however, who had been arrested after a lively foot race with the police, said he was a block away when the fight started, and he only ran to keep out of trouble.

Forest Fires. It is not easy to note the annual destruction by fire of vast timber ranges in the Northwest and not feel that each season's exercise along official lines; the laws would seem to be adequate and the effort at enforcement certainly is unremitting; yet the recurrence of such dry seasons is accompanied by the wholesale destruction of the already rapidly disappearing timber. News columns of the daily papers are filled with accounts of the steady progress of the fires and the air is saturated with the smoke from the burning forests. Human efforts to check the sweep of the blaze are unavailing and nothing but the intervention of providence, in the form of a torrential rain, can terminate the fires.

Everything that man can do is along the lines of prevention and the laws and regulations seem as perfect as experience and knowledge can devise. It is with a feeling of helpless discouragement that the people are compelled each season to witness such incalculable loss. —(St. Paul Dispatch.)

RECEIVES CORDIAL WELCOME. DEATH OF FIRST WIFE NATURAL. DOCTORS ISSUE A STATEMENT CONCERNING SKELLY.

ANAHEIM, July 25.—E. A. McEwene, candidate for the Republican nomination for United States Senator from California, called upon Hon. Richard McEwene of Anaheim this morning. McEwene spent the forenoon in making Mr. McEwene acquainted with the citizens of Anaheim.

Mr. McEwene and Mr. McEwene have been very intimate friends for the past twenty years and more, and the former was assured that he could have anything in Orange county he wants, that McEwene and his friends can get for him.

MEXICANS KILL RAILROAD MAN. FOREMAN FOR TONOPAH TIDE-WATER LINE SLAIN.

Stabbed to Death While Trying to Quell Row in Store—Twenty Men Arrested—Sheriff and Coroner of San Bernardino County Hurry to Scene of the Crime.

San Bernardino, July 25.—[Exclusive Dispatch.] J. J. Williams, foreman for the Tonopah Tidewater Railroad, at Silver Lake, was stabbed to death while trying to quell a row in a store between Mexican laborers. The citizens have aided the peace officers in scouring the country for suspects, and twenty arrests have been made. Sheriff Ralph and Coroner Van Winkle left for the scene this afternoon. The dead man's father, John Williams, is action foreman for the Salt Lake at Afton. Three years ago he shot and killed three Mexican laborers, one of whom had struck him in the mouth with a rock. It is believed the son was killed yesterday partly in revenge for his father's deed.

NOT AT ST. BONIFACE'S. Rev. B. Morian Hahn writes from St. Boniface's Industrial School, Ban-

allow me to correct some statements made in the issue of your esteemed journal of July 24, Part II, San Bernardino. Eulalia giva, the Indian girl, daughter of Desiderio Riva, her oldest brother, to Asidoro Alto, was born May 19, 1892. She is therefore more than 13 years of age. Her parents were good Indian people. San Ignacio reservation, San Diego county. They are dead and buried more than ten years ago. Hence no one could invade me to demand a pupil to see her dying father who was not more than a child. Eulalia giva did not attend our school during the last term; so Asidoro Alto could not spy her at our school, because she was not here. Statements made in newspapers about Indians would justify advice to correspondents not to believe every story told in such cases. I wish the government's officials would not only prosecute the liquor cases, but would also bring to justice those who sell and buy Indian women, and those who live in adultery and concubinage.

Nothing common at Coronado Beach. METHODISTS HOLD LOVE FEAST. Attendance at Camp Meeting at Huntington Beach is Large—Many Auto Parties There.

HUNTINGTON BEACH, July 25.—The Sabbath services began with a love feast, a distinctly Methodist institution. Brother George Hemus was in charge. Toward the close of the feast five or six persons rose for prayer.

The old-time power is still in the church. There is not a pessimistic note in all the services. Every car from the cities brought new people to the meeting. Prof. James Patterson of the music is a masterly way. Most of the selections are from modern songs. The old campaigners think the music is too light; that Wesley's hymns are too old-fashioned. The new hymns would produce deeper conviction.

The regular services began with the singing of Guide Me, O Thou Great Jehovah. Dr. W. H. H. Whitton led in prayer. Prof. Trowbridge of Chicago and Prof. Patterson sang a duet. Bishop Hughes then spoke a sermon of power on the text, "Christ is all in all." He said he had had several letters giving him advice as to what he should preach.

The afternoon services began with a praise service led by Prof. Patterson of Long Beach. Prof. Patterson sang a duet with Mrs. W. H. H. Whitton. The singing was a masterpiece. The singing was a masterpiece. The singing was a masterpiece.

It is worth while to go to a Methodist camp meeting to hear the soul-stirring singing. Bishop Hughes preached from Hebrews 1, 14: "For where a servant is, there must also of necessity be the death of the testator."

ONTARIO. July 25.—A novelty in the way of summer entertainment was instituted yesterday by the Bethel Congregational and the Westminster Presbyterian churches. An open-air concert was given at the Eschler avenue in the parkway in the center of the business district between A and B streets. The idea originated with Dr. J. F. Healy of the Westminster Church. He was assisted by Rev. Carl N. Klass of the Westminster church.

Permanent Cures Piles, Fistula, Hernia and Varicose Veins

MANY CASES PERMANENTLY CURED IN ONE TREATMENT. It may seem strange to you that I am able to cure these cases in one treatment while so many other doctors treat for days, weeks and months, and then without effecting a cure. My special experience along these lines has enabled me to do this work with a minimum of time and effort. I have cured many cases of piles, fistula, hernia and varicose veins in one treatment. I have cured many cases of piles, fistula, hernia and varicose veins in one treatment. I have cured many cases of piles, fistula, hernia and varicose veins in one treatment.
